

Bocholt, Germany, April 6, 2021

## New Chairman at Flender China

Flender China has a new Chairman. As of April 1, 2021, Dr.-Ing. Jianhui Gou joined Flender Group and has been appointed as Chairman of Flender China.

Prior to his appointment as Chairman of Flender China Dr. Gou has worked as Managing Director and President at various industrial companies such as Schaeffler Greater China, NGC, Knorr-Bremse Rail Transportation China and PMC by Shanghai Electric Group.

Dr.-Ing. Jianhui Gou on his appointment, 'It is my great pleasure and honor to join Flender Group. Flender has been the worldwide market and technology leader for over 120 years, and I am fully convinced for Flender's high development potential and bright future through our teamwork. I am looking forward to the joint success with our Flender team, our customers, and our suppliers.'

Flender Group CEO Andreas Evertz points out, 'With Dr. Jianhui Gou we found a well experienced industry expert who will continue the successful path of Flender China. His knowledge and our cutting-edge technology, high reliability, premium quality and our passionate Chinese team will provide a great basis for gaining even greater scope for action to fully develop our strengths and offer our customers the best value.'
